

# Tooth Paste

I can contain ingredients like Sodium Fluoride, Ethanol, Hydrated Silica, PEG-6 and Sodium Carbonate. I can cause infertility, reproductive organ cancer, birth defects, and developmental delays for children. I can also cause other health concerns.

# Deodorants

I can contain dangerous ingredients like Aluminum Zirconium, Magnesium Aluminum Silicate, and Talc which cause toxicity in the cardiovascular, stomach, digestive track or respiratory system. I am known to cause cancer and skin irritations.
