

Nail Polish

I contain very toxic ingredients like Bibutyl Phthalate, Toluene, Ethylacetate, Isopropyla Alcohol and many other harmful chemicals. I have violations, restrictions and warnings because of my toxic ingredients. I can cause contamination concerns, endocrine disruption, cancer and other optional hazards.

Lotions

I contain ingredients like Methychloroisothiazolinone, Ceteareth-20, DmDm Hydantoin and Formaldehyde. I am linked with harm to the immune system and a class of health problems that manifest as allergic reactions.
